

Community Reinvestment Act Public File

Last Updated: December 30, 2022

The Community Reinvestment Act (CRA) ensures the financial institution meets the credit needs of its entire assessment area(s) including low-moderate income neighborhoods consistent with safe and sound operations. Merrimack Valley Credit Union is a non-profit organization and focuses on being a leader of community development, economic growth, and stability.

While providing financial services and lending, it is our goal to support our communities with charitable donations, volunteer services to non-profit organizations, and provide a strong financial education program to our communities for a healthier financial future. Everything is done with one goal in mind: Elevate people.

Our most recent CRA performance evaluation by the Massachusetts Division of Banks covered the periods from October 1, 2018 to June 12, 2021. Merrimack Valley Credit Union received an overall "Satisfactory" rating; for helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

Dear John,

*Thank You!
So appreciate the support to make our Classic such a huge success!
A sell-out this year that was so unexpected
Just like
Amazing!
Bonnie*

Wow... thank you for 'taking a big swing' to help support our Golf Classic. We had a sellout crowd and the weather held – which paved the way for a fantastic outing.

Proceeds from the Classic will have an immediate impact on the number of older adults, including caregivers, veterans, grandparents as parents and families who will benefit from the *Family Care Fund*. With the rising cost of everyday basics, we anticipate an increase in emergency requests for extra food, fuel assistance, or simply filling a necessary prescription.

Our sponsors, golfers, staff, and committed volunteers all brought their unwavering enthusiasm that filled the day with fun and camaraderie. We welcomed first-time players and hosted those who see our event as an annual tradition. We hope you enjoyed the course, the networking, our contests, and the delicious BBQ buffet.

All of you display true compassion for the older adults we serve. We are grateful for your efforts in helping provide that life-long choice to remain independent at home.

Over the last 26 years, hundreds of older people have been served, and grateful for the resources restored through this event. *Because of you* – we can provide the *right resource at the right time – every day*.

Please visit our Face Book page or our website, www.agespan.org, to view great photos that captured a wonderful day for a great cause.

Dear Merrimack Valley Credit Union:

Thank you for being a part of the American Heart Association's mission with your gift of \$3608.00 on 3/9/2022. With your partnership, we are giving people a future that is more promising than ever. Below are just a few examples of how your funds are making an impact:

- Our programs like Check. Change. Control. are educating people about monitoring and managing high cholesterol, a high-risk factor for cardiovascular diseases and stroke. High cholesterol is also something that can be controlled through diet and exercise.
- Our advocacy programs encourage policymakers to change laws that make it easier for Americans to make healthy choices. We also engage people and organizations to build a culture of health in all communities so that everyone can enjoy a lifestyle that supports healthy behaviors, timely and quality care, and active living.
- Everything we do is rooted in the very best science. Our investment helps the American Heart Association search for cures by supporting innovative research focused on cardiovascular disease, the nation's No. 1 killer. The AHA funds more heart and stroke research than any organization outside of the federal government.

These are just a few ways your funds impact the health and well-being of your community and across the nation. To learn more about our impact, visit americanheart.org or call 1-800-AHA-USA1 (1-800-242-8721).

Thank you again for all you do on our behalf.

Sincerely,

Dear Mr. Howard:

On behalf of the AAFA New England Board of Directors, its Medical Advisory Committee and the asthma and allergy community we serve, I want to express my sincere thanks for the generous donation of **\$1250** Merrimack Valley Credit Union made to MSIC's Charitable Golf Tournament on October 3 to benefit the Asthma and Allergy Foundation of America, New England Chapter (AAFA New England).

AAFA New England is a patient education/advocacy, 501(c)3 nonprofit organization founded in 1979. Its mission is the control and cure of asthma and allergies in all six New England states, and to improve quality of life for those managing, or caring for someone, with these chronic diseases. Its mission is fulfilled through:

- Educational program initiatives, such as its *Speaker Series* webinars,
- The provision of training and health management information, such as the *Be Smart and Breathe Easy Asthma Program* which provides free, original resources to schools, in both English and Spanish,
- Support and awareness services,
- Legislative advocacy efforts,
- ***Asthma & Allergy Bulletins*** published three times annually, and
- Support of clinical research programs, including our \$10,000 Research grant.

The funding you have so kindly provided will help support **AAFA New England's work to fulfill its mission**. As a way of saying thank you, AAFA New England dedicated a full page in our ***for life without limits* Fall Gala 2022** Program listing your credit union and all other institutions that participated in MSIC's charitable golf tournament.

We are grateful for your generous donation which will assist us in helping the many individuals who live with the challenges of these chronic diseases to achieve improved health outcomes.

Sincerely,

Jan Hanson,
President, AAFA New England

Dear Mr. Howard,

Thank you for your gift of \$1500 to Anna Jaques Hospital as a Bronze Sponsor for the 31st "Fore Your Health" Golf Tournament, being held on Monday, August 29th at Haverhill Country Club. We appreciate your support which helps us continue to make upgrades to our facility and improve patient care services.

Community-based fundraising remains critical to the overall success of our hospital. As always, all funds raised locally remain local for Anna Jaques. To enhance these efforts, effective October 1, 2021, the Anna Jaques Community Health Foundation was reintegrated as a department of the hospital and will now take advantage of the shared services available through Beth Israel Lahey Health.

For the AJH community of supporters, you will see some minor changes and many improvements in our efforts over time. For example, the tax receipt for your recent gift will come from our centralized processing center. For any questions about your gifts to Anna Jaques Hospital, please feel free to contact me at 978-463-1211 or mwilliamson@ajh.org.

We are truly grateful to you and all who are helping us make a difference in the lives of our patients and their families. Please know how much your generosity matters in times like these. Your support allows us to focus on what we do best here at Anna Jaques — taking extraordinary care of patients and each other.

Dear John,

Thank you so much for your time spent acting as Santa for our annual Toys for Tots toy drive on December 9, 2022. It was a great time and we appreciate your taking four-and-a-half hours out of your evening to support this vital cause.

Thanks to your generous offer to volunteer as Santa, you also saved us \$450 that we would have had to pay a professional Santa! That money saved allowed us to donate more to the kids and make their Christmases merry.

We are extremely proud to report a record-breaking collection for Toys for Tots this year, raising over \$40,000 in toys for children in need.

Thank you for participating, and we look forward to having you again next year!

Dear John,

Thank you for your generous support as a Sponsor of this year's spring Gala - "Sip, Sample and Support" that was held on May 25, 2022. Through the generosity of our event sponsors, auction donors, and all those who attended the in-person event or participated in our on-line auction, we were able to raise over \$140,000!

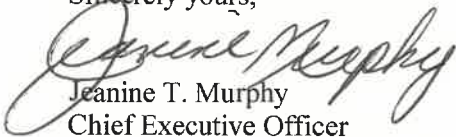

Enclosed you will find a copy of the program book that was distributed at the event and highlights some of the recent accomplishments we have experienced as well as a synopsis of the evening's fun. If you were able to attend, we hope you enjoyed the beautiful weather and energy that captured the in-person event. It was a wonderful and special evening to celebrate both past endeavors and future goals. We look forward to another great Gala scheduled for spring 2023.

The funds raised at the Gala as well as other fundraising campaigns and events throughout the year have become more critical as we continue to work through what is hopefully the end of the pandemic. Though COVID infections, hospitalizations and deaths continue to slowly decrease, we are faced with the residual costs relating to the protocols implemented to ensure the health and safety of the guests, our employees and volunteers. These have had a major impact on the Emmaus budget resulting in over \$40,000 of additional monthly expenses. However, these protocols are an important part of serving those who come to us for help. Last year alone we helped 1,575 people, 630 of whom were children, find a solution to homelessness. We continue to serve an average of 80,000 meals annually and provide support services for those living in the 99 units of affordable housing owned and managed by Emmaus.

Thank you for the generosity you've shown us and our mission to address the critical needs of those facing homelessness. We encourage you to learn more about how your support changes lives and upcoming volunteer or fundraising opportunities by visiting our website: www.emmausinc.org and signing up to receive our periodic email announcements. Every contribution and donation made by the Emmaus donor community is greatly appreciated as it makes the world of difference for those we serve.

Dear John,

Thank you for your \$15,000.00 gift supporting Emmaus' **2022 CYCLE FOR SHELTER**. Your gift truly makes a difference by help us to continue our mission of providing housing, emergency shelter, and services to adults, families and children experiencing homelessness.

The past two years have demonstrated the impact of Emmaus' mission upon the lives of our community's most vulnerable members. Without interruption, throughout the global pandemic Emmaus' two emergency shelters have cared for children and adults without any place to call "home." Emmaus has placed 40 individuals living on the streets into permanent housing since March 2020. And the formerly homeless women, men and children who reside in the 99 affordable apartments that we own and manage, have lived safely and securely during these turbulent times. Emmaus has achieved all of this but it's been very costly. **We are still incurring \$40,000 every month in pandemic-related staffing and operating costs. By year end, this will amount to close to \$500,000. We need this event to help offset these incredible expenses and we can't do it without your support.**

You are an angel!

Dear John,

Thank you so much for your generous donation of \$30,000.00 to Emmaus in support of the Spring Gala, Cycle for Shelter and the services provided by Emmaus. We are appreciative of the help you are able to provide as we work to address the needs of the vulnerable while we navigate the myriad changes that impact our society each month. Now, as we prepare for another season, we bear witness to the daily fluctuations in the weather that are so common in New England. At the same time, we are witnesses to the impact of rising inflation and shortages in affordable housing. These challenges reaffirm our belief that the need for life saving shelter and services continues.

During the summer days of extreme heat, our emergency shelters played a key role in protecting the lives of the most vulnerable by providing cooling centers where they could spend their days as we kept the shelters open 24 hours/day. We will do the same when our area is in the grips of the expected cold weather emergencies. In addition to finding a respite from the extreme heat and cold, the formerly homeless women, men and children who reside in the 99 affordable apartments that we own and manage, continue to live securely during these economically turbulent times. To that end, we recently implemented a new housing navigator service to help individuals and families move through the process needed to gain housing stability. In addition, we are working to expand the services offered through Mitch's Place to accommodate the prevalent need for adult shelter beds.

It's donations such as yours that give us the resources we need as we address the challenges of affordable housing for women, men and children who come to Emmaus for help and support when they are facing the crisis of homelessness. We are grateful for the generosity of Emmaus donors who support our efforts to provide the proper care for our most vulnerable citizens and equip them to get back on their feet, and reach their fullest potential.

The continued support from the Emmaus community is crucial to our mission. It truly makes a world of difference. We thank you and invite you to visit our website www.emmausinc.org to learn more about the services, housing options and opportunities your gift provides to others.

I have the honor of being,

Dear Merrimack Valley Credit Union Mr. Howard,

Wow! Our Campaign to Build Change is making incredible progress, due in very large part to the generosity of the Merrimack Valley Credit Union! **Please accept our heartfelt thanks** for the very generous sponsorship of the campaign's September 22 kickoff event, in the amount of \$5,000.00, which was received on 10/11/2022. In accordance with Federal tax law, Family Services of the Merrimack Valley affirms it has not provided any goods or services in consideration, in whole or in part, for this contribution.

The impact that our physical space has on our ability to achieve our mission is profound. As an organization dedicated to promoting well-being, we know from scientific research that physical spaces have a profound impact on a person's mental health and sense of wellness. **Your gift is transformational**, not only in helping us reach our \$3 million goal, but in creating a safe, welcoming and nurturing space in which children and families can embark on the difficult work of building change.

Thank you for helping us build change.

Warmly,

Dear John,

Thank you for supporting Jeanne D'Arc Credit Union's We Share A Common Thread Foundation Fundraiser held on Wednesday, March 30, 2022. We are happy to announce that this year's Fundraiser was bigger and better than ever, raising over \$110,000 for our Foundation.

We truly appreciate your generous donation of \$1,000.00. It is because of your support that we can pass along the proceeds from this event to more than 140 local charities that enhance the lives of people in our neighborhoods by assisting with food, clothing, health, and education. A complete list of those we support can be found on our website www.weshareacommonthread.org.

The enormous success of our fundraiser allows us to invest in the future. By partnering with local philanthropic organizations, our small acts have a bigger impact on the communities we serve. On behalf of the Foundation, our Board of Directors, and our staff, thank you for your kindness and generosity in support of the We Share A Common Thread Foundation's mission.

Dear Yean-Ai:

2021 was an incredible year for our Credit Unions Kids at Heart Team. Despite all of the well-known challenges, our Team 'stepped up' its game and exceeded our expectations. Because our families, Patient Partners, and supporters stayed connected, fundraised and attended our events, we had the largest fundraising year ever! Together we raised \$700,000 for Boston Children's Hospital and Beth Israel Deaconess Medical Center pediatric neurological research.

We also marked the 25th anniversary of our dream team, Credit Unions Kids at Heart and the inauguration of our annual Credit Unions Kids at Heart All-Ability Challenge. This program allows all ages and fitness levels to participate in a physical activity and/or perform an act of kindness to raise awareness for our cause and have fun while fundraising to support select research projects supported by this organization.

We are pleased to enclose your copy of the 2021 Team Album. It displays the normalcy of returning to our life after the pandemic and our resilient and successful season as our 2021 Team bands together as one. Each individual of this Team deserve to be celebrated and has received special recognition as a proud recipient of the Credit Unions Kids at Heart annual Team Impact Award. I hope this book captures the story of generosity, spirit, kindness and the friendship we enjoy — and reminds you that you are part of something great. We appreciate you.

Dear Mr.  Prezzano,

Please accept our sincerest gratitude for your support of our 5th Annual Charity Golf Tournament that was held on October 3, 2022. As a tee sign sponsor, your investment of \$250.00 allows us to address the most vulnerable children and families in Bristol County.

In the past 15 years, the CAC has served over 8,000 children who have had the courage to disclose that someone they know, love and trust was hurting them. Every gift given allows us to further protect and advocate for children after a disclosure of abuse, help children and their families heal from trauma through our HARP Program and continue to educate the community about prevention.

We cut the ribbon on our forever home at 58 Arch Street on September 16th. Our services to children and families have expanded and through your generosity, we are continuing to help those who need us most. Our clinicians can help children heal in sensory motor regulation (SMART) rooms or use art therapy techniques to process trauma. Forensic Interviews can be completed with the aid of our service dog, Chief. He truly calms the most vulnerable children who walk through our doors.

The CAC protects, heals and educates. Because of generous supporters like you, we meet the needs of a population of children that has more than doubled since the CAC's inception. Additionally, your generosity helps us to educate the community about child sexual abuse.

Dear John,

We are grateful and honored that you have chosen to support our 27th Annual Drive for Dignity Golf Tournament through your Putting green signage. We received your generous donation in the amount of \$1,000.00 on 5/23/2022.

Your support will go a long way to ensuring the success of our event but it means so much more than that for the people we serve. For our Guests, your support is comfort in times of crisis, it's hope in times of uncertainty and it allows us to continue to offer the programs they need to move to the next level in their lives.

Whether it's emergency shelter for a homeless family, groceries to help an elderly couple stretch their limited income or work preparation training offering opportunities to make a better life for individuals and their families, YOU help us to make a significant and lasting impact in the lives of the people we serve.

Thank you again for partnering with us as we ease the burden for those struggling with poverty and help them to build a life filled with dignity and hope.

With gratitude and appreciation,

Keith D'Entremont
Director of Development

Dear Mr. Howard,

On behalf of Northern Essex Community College, I would like to thank you and the Merrimack Valley Credit Union for the generous donation of \$100.00 toward a Tee Sponsorship at the 2022 NECC Golf Tournament, made in addition to your registration payment for four players. We truly appreciate your support.

Proceeds from the event benefit the NECC Athletic Program, which provides competitive athletic opportunities to men and women in over a dozen intercollegiate programs.

Thank you for your contribution. Your generosity demonstrates an important commitment to supporting accessible quality education in the Merrimack Valley.

Dear Glenn:

On behalf of the staff of the Plymouth Public Library and the staff and board of the Plymouth Public Library Foundation, please accept our thanks for your pledge of \$10,000 in support of the Library. We are delighted welcome Bridgewater Credit Union as a Foundation sponsor for the remainder of 2022 and all of 2023.

As per my understanding a check for \$5000 is on its way, with the balance expected on or before May 31, 2023. Please know how very grateful we are – it was wonderful to see you at Taste of the Town and look forward to promoting our partnership at our three key events next year as well! At your convenience, we would like to discuss additional partnership opportunities, including the series of financial seminars. Please feel free to give us a call so that we can get a date on the calendar. We are happy to see you in person, or will happily set up a Zoom meeting if that is easier for you and your associates from the Bank.

Again, many thanks. Your enthusiast support means a great deal to all of us.

Best wishes for a delicious Thanksgiving!

All the best,

TATTERSALL FARM

CITY OF HAVERHILL, MA

Mr. John Howard

P. O. Box 909
North Andover, MA 01845

Re: Tattersall Farm Day 2022 – September 18, 2022

Dear Mr. Howard:

Thank you so much for your \$500 Sponsorship for Haverhill's Tattersall Farm Day 2018. After two years of pandemic closures, we are now anticipating Farm Day 2022 will proceed as planned! We are hoping that you will sponsor this popular event again this year.

As you know, we have been holding Tattersall Farm Day for several years and have hosted thousands of visitors and vendors. Every year we make this event affordable to all Haverhill residents by not charging for pony rides, hay rides, petting zoo, puppet show, or other planned activities. We only charge a nominal admission fee per car for so that as many "city kids" as possible can experience a day at the farm. The great White Street Band will be with us again this year.

Tattersall Farm Day provides an opportunity for local families to visit the farm for an afternoon of educational and entertaining activities. Agricultural demonstrations, produce, crafts, petting zoo, sheepherding demonstrations, beekeeping, and many other activities help us to fulfill the mission of the Trust to inform and educate people on matters relating to farming and agricultural conservation. In compliance with the Trust, this year we are investing \$25,000 in upgrades to the growing fields to promote proper drainage, fertilization and planting. Your sponsorship will help us complete these upgrades and educate the families of greater Haverhill.

Tattersall Farm was owned and operated by the Tattersall Family for a substantial portion of the twentieth century. The surviving family member, Mary Alice died in 1999. In her will she entrusted her family's 150 acres to the City of Haverhill, imposing specific conservation and open space preservation restrictions to this gift so the Farm would be preserved and maintained in as close to its present state of condition as possible. She granted the Farm's managerial rights to the Tattersall Farm Charitable Foundation Trust, which is obligated to preserve the Farm, protect its wildlife and conservation interests, and to inform and educate persons on matters relating to farming and environmental conservation. The Farm offers 19th century plantings, working hayfields, rolling meadows, and wooded paths used for walking, jogging and cross-country skiing.

I would be happy to discuss our plans for this year's Farm Day at your convenience. I can be reached at 978-852-3014.

INSTITUTION RATING

This document is an evaluation of the CRA performance of **Merrimack Valley Credit Union (credit union)** prepared by the Division, the institution's supervisory agency as of **June 14, 2021**. The Division rates the CRA performance of an institution consistent with the provisions set forth in Massachusetts Regulation 209 CMR 46.00.

INSTITUTION'S CRA RATING: Merrimack Valley Credit Union is rated "**Satisfactory.**" An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

Examiners did not identify any evidence of discriminatory or other illegal credit practices. The following points summarize the credit union's Lending Test and Community Development Test performance.

The Lending Test is rated Satisfactory.

- Merrimack Valley Credit Union's average net loan-to-share ratio is reasonable given the institution's size, financial condition, and credit needs of its assessment area.
- A substantial majority of the credit union's loans are inside the assessment area.
- The geographic distribution of loans reflects reasonable dispersion throughout the assessment area.
- The distribution of borrowers reflects, given the demographics of the assessment area, good penetration among individuals of different income levels (including low- and moderate-income).
- The credit union did not receive any CRA-related complaints; therefore, this factor did not affect the Lending Test rating. The credit union has an adequate record relative to fair lending policies and practices and a reasonable percentage of applications received from ethnic and racial minority applicants in the assessment area.

The Community Development Test is rated Satisfactory.

- The credit union demonstrated adequate responsiveness to the community development needs of its assessment area through community development services and qualified donations. Examiners considered the institution's capacity, and the need and availability of such opportunities throughout the assessment area.

DESCRIPTION OF INSTITUTION

Background

Merrimack Valley Credit Union was originally established in 1955 as Communications Workers Employee Credit Union. In 2005, the credit union converted to a community charter, expanding membership eligibility to towns in the Merrimack Valley region in Massachusetts and New Hampshire. On October 1, 2018, Merrimack Valley Credit Union became a state-chartered credit union. This allowed Merrimack Valley Credit Union to pursue a merger with Bridgewater Credit Union and subsequently pursued a merger with Oceanspray Employees Federal Credit Union.

Operations

The credit union is headquartered in Lawrence, MA and serves approximately 82,000 members from portions of New Hampshire, throughout the eastern part of Massachusetts and portions of Rhode Island.

Services are delivered through a network of 10 full service branch locations. The main office in Lawrence and the Haverhill branch are both located in a low-income census tract. The credit union operates three branches in moderate-income census tracts in Quincy and Methuen, Massachusetts and a branch in Seabrook, NH. There are five branches in middle-income census tracts in Bridgewater MA, Plymouth MA, Fair Haven, MA, North Andover, MA and Plaistow, NH. In addition, the credit union operates four of its branches in opportunity zones in Lawrence, Fairhaven, Haverhill and Methuen. Opportunity zones are federally and state designated areas identified as areas of economic need, with many opportunity zones having the lowest median family income within MA. The branch locations support the availability of banking services to low- and moderate-income individuals and members.

The credit union offers both personal, student, and business accounts to members. Members can open checking accounts, savings accounts, certificates of deposits, individual retirement accounts, as well as business checking accounts. Services offered include online banking and mobile banking. In addition to deposit accounts, credit union members can apply for mortgage loans, home equity loans and lines of credit, personal and student loans, new and used auto loans, and credit builder loans. Also, business lending offers commercial real estate loans and business lines of credit. Throughout the COVID-19 Pandemic, the credit union originated 196 PPP loans totaling \$6.9 million inside and outside of the assessment area. The purpose of the loans were to help small businesses retain permanent jobs for low- or moderate-income individuals or in low or moderate-income areas.

The credit union employs approximately 41 individuals who speak at least one language outside of English, including Cambodian, Greek, French, Portuguese, and Spanish. Given the assessment area's diversity, these services are useful in providing assistance to those who are not proficient in English.

Ability and Capacity

The credit union has grown in size since the merger with Bridgewater Credit Union and Oceanspray Employees Federal Credit Union creating a combined entity totaling over \$1 billion in assets. As of March 31, 2021, the credit union had total assets of approximately \$1.3 billion, total shares and deposits of approximately \$1.1 billion, and total loans of approximately \$762 million. The credit union is primarily a residential mortgage lender by dollar volume. Loans secured by first liens and junior liens on 1-4 family residential properties account for 61.3 percent of total loans. Additionally, automobile loans represented the second largest portion of the loan portfolio at 20.8 percent and followed by commercial loans and real estate representing 13.1 percent. The following table illustrates the distribution of the credit union’s loan portfolio.

Loan Portfolio Distribution as of 3/31/2021		
Loan Category	\$	%
Non-Federally Guaranteed Student Loans	9,873,582	1.3%

Total Loans	762,859,791	100.00%
<i>Source: Reports of Income and Condition</i>		

There were no significant financial or legal impediments identified that would limit the credit union’s ability to help meet its assessment area’s credit or community development needs.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas within which its CRA performance will be evaluated. The credit union designated an assessment area that includes 11 full counties including; 7 full counties in Massachusetts, 2 full counties in New Hampshire and 2 full counties in Rhode Island.

The formation of the credit union's assessment area is consistent with the credit union's field of membership and encompasses the northern and southern boundaries of the credit union's former predecessor's footprint, Merrimack Valley Federal Credit Union and Bridgewater Credit Union. The following sections discuss demographic and economic information for the assessment area.

Due to the assessment area's contiguous footprint, examiners conducted a review on the entire area and did not perform a separate analysis for each defined Metropolitan Statistical Area (MSA) or Metropolitan Division (MD). The 11 full counties include Barnstable, Bristol, Essex, Middlesex, Norfolk, Plymouth and Suffolk Counties in Massachusetts. In addition, Hillsborough and Rockingham Counties in New Hampshire and Kent and Providence County in Rhode Island. The following is a breakdown of the counties by MSA or MD.

- Barnstable Town, MA MSA #12700 (includes Barnstable County)
- Boston -Cambridge -Newton, MA -NH MSA #14460, which consists of:
 - Cambridge -Newton -Framingham, MA MD #15764 (includes Essex County and Middlesex County)
 - Boston, MA MD #14454 (includes Norfolk County, Plymouth County, and Suffolk County)
- Providence -Warwick, RI -MA MSA #39300 (includes Bristol County Massachusetts, Kent and Providence County in Rhode Island)
- Manchester-Nashua, MSA (31700) includes Hillsborough County
- Rockingham County-Strafford County (40484) includes Rockingham County

The following sections discuss demographic and economic information for the assessment area.

Economic and Demographic Data

The assessment area includes 1,431 census tracts. These census tracts reflect the following income designations according to the 2015 ACS U.S. Census:

- 173 low-income tracts,
- 279 moderate-income tracts,
- 563 middle-income tracts,
- 391 upper income tracts, and
- 25 tracts without an income designation.

There are concentrations of low- and moderate -income census tracts dispersed throughout the assessment area. Manchester, NH contains low and moderate-income census tracts. Cambridge, Everett, Haverhill, Lawrence, Lowell, Lynn, Malden, and Somerville also contain numerous low- and moderate -income

tracts. The City of Boston contains a large concentration of the area’s low and moderate-income census tracts. Similarly, municipalities south of Boston including Brockton, Quincy, Weymouth, Randolph, Stoughton, New Bedford and Fall River also contain low- and moderate -income tracts. Additionally, Providence, RI contains low and moderate -income census tracts. There are no underserved or distressed nonmetropolitan middle-income geographies or designated disaster areas within the credit union’s assessment area. However, there are several opportunity zones within the assessment areas. Opportunity zones are federally and state designated areas identified as areas of economic need, with many opportunity zones having the lowest median family income within MA. Branch locations in Lawrence, Fairhaven, Haverhill, and Methuen are within designated opportunity zones.

The 25 census tracts with no income designation contain universities, medical centers, state park, golf courses, ports and terminals.

<i>Source: 2015 ACS and 2020 D&B Data</i> <i>Due to rounding, totals may not equal 100.0%</i> <i>(*) The NA category consists of geographies that have not been assigned an income classification.</i>						

According to 2015 ACS data, percentage of families below the poverty level in the assessment area is 7.8 percent. This may limit these families from qualifying for a home mortgage loan, which limits lending opportunities. In addition, 17.2 percent of the owner-occupied units are located in low- and moderate-income census tracts. The low owner-occupancy rates, particularly in low-income census tracts at 3.5 percent, indicates limited owner-occupied home mortgage lending opportunities in those census tracts. The percentage of vacant properties in low and moderate-income census tracts, however, demonstrates opportunities for rehabilitating and renovating properties in the assessment area.

Examiners used the FFIEC- updated median family income level to analyze home mortgage loans under the Borrower Profile criterion. The following table presents low-, moderate-, middle- and upper-income categories. These categories are based on the 2019 and 2020 FFIEC-updated median family income for each MD in the assessment area.

Competition

The credit union operates in a highly competitive market for loans. In 2020, 648 lenders originated or purchased 410,521 home mortgage loans in the assessment area. The top five lenders of the market

included Citizens Bank, N.A.; Wells Fargo Bank; Quicken Loans, LLC; Leader Bank, N.A.; and Guaranteed Rate, Inc. The credit union ranked 97th.

Community Contact

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying the credit and community development needs. This information helps determine whether local financial institutions are responsive to these needs. It also shows available credit and community development opportunities.

Examiners contacted a community development corporation that creates and preserves affordable rental housing in the Metrowest neighborhoods of Middlesex County. The contact described the significant demands on affordable rental housing. In addition, the contact also expressed how the COVID-19 pandemic has negatively impacted consumer credit scores and the ability to qualify for lending products. The contact identified an opportunity for institutions to be involved with innovative products and financial education to assist customers in building credit scores. Overall, the contact indicated that financial institutions have been responsive to the credit and community development needs.

Examiners contacted a non-profit community action organization serving communities South of Boston. The group helps low- and moderate-income people by providing financial education and counseling, workforce training, affordable housing programs including emergency housing assistance, food and nutrition programs, and child care and early childhood education. The contact described how the COVID-19 pandemic has reshaped and increased demand for food, child care, re-entering the workforce and financial education resources. The contact further indicated a need for innovative solutions addressing equitable incomes among diverse populations.

Credit and Community Needs and Opportunities

Considering information from the community contact, credit union management, and demographic and economic data, examiners determined that affordable housing and financial education represent primary credit needs for the assessment area.

SCOPE OF EVALUATION

General Information

The Community Reinvestment Act (CRA) requires the Massachusetts Division of Banks (“Division”) to use their authority when examining financial institutions subject to their supervision, to assess the institution's record of meeting the needs of its entire assessment area, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. Upon conclusion of such examination, the Division must prepare a written evaluation of the institution's record of meeting the credit needs of its membership.

This is the first CRA evaluation for Merrimack Valley Credit Union since converting to a state chartered credit union and merging with Bridgewater Credit union and Oceanspray Employees Federal Credit Union . The CRA evaluation covers the period from January 1, 2019, to the current evaluation dated June 14, 2021. Examiners used the Interagency Intermediate Small Institution (ISI) Examination Procedures to evaluate Merrimack Valley Credit Union’s performance. These procedures include two tests: the Lending Test and the Community Development Test.

The evaluation references demographic and economic information from the 2015 American Community Survey (ACS) and the U.S. Bureau of Labor Statistics (BLS). Credit Union financial data reflects the March 31, 2021 Call Report.

Loan Products Reviewed

Examiners determined that the credit union’s major product line is home mortgage loans. This conclusion considered the credit union’s business strategy and the number and dollar volume of loans originated during the evaluation period.

Home mortgage lending data analyzed included full-year data from January 1, 2019 through December 31, 2020. Information related to home mortgage lending was derived from the Loan Application Registers (LARs) maintained by the credit union, pursuant to HMDA. The HMDA data was compared to aggregate lender data inside of the assessment area as well as pertinent demographics.

Community Development Activity Reviewed

For the Community Development Test, qualified community development donations and outreach activities were considered.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

Merrimack Valley Credit Union exhibited reasonable performance under the Lending Test.

Loan-to-Share Ratio

This performance criterion determines what percentage of the credit union's share base is reinvested in the form of loans. The average net loan-to-share ratio for the last eight quarters is reasonable given the institution's size, financial condition, and AA credit needs.

The credit union's net LTS ratio, as calculated from the NCUA 5300 Quarterly Call Report data, averaged 72.1 percent over the past eight calendar quarters from March 31, 2019 through March 31, 2021. The ratio ranged from a low of 64.6 percent as of March 31, 2021, to a high of 77.4 percent as of March 30, 2019. Over the last 8 quarters, total shares steadily increased by approximately \$289,834,202, while loans increased by 73,413,379. The resulting LTS ratio is attributed in part to share growth from the two recent mergers and organic growth in the mortgage, consumer and commercial lending operations.

The credit union's average net LTS ratio over the previous 8 quarters was compared to that of two similarly situated institutions. The institution selection is based on geographic location, asset size, lending focus and branching structure. Merrimack Valley Credit Union's average net LTS ratio is below two of the institutions used in this comparison.

Loan-to-Share Ratio Comparison		
Institution	Total Shares	Average Net LTS Ratio (%)
Jeanne D'Arc Credit Union	1,533,032,511	93.0
St. Anne's' Credit Union	1,258,575,979	91.2
Merrimack Valley Credit Union	1,180,192,746	72.1

Assessment Area Concentration

The credit union made a substantial majority of home mortgage loans, by number and dollar volume, within its assessment area. The increase in loan volume and overall high concentration of home mortgage loans is attributed to the credit union's improved mortgage application process, staffing, and a strong reputation. The following table details the credit union's home mortgage lending activity inside and outside of the assessment area in 2019 and 2020.

Geographic Distribution

Considering the credit union’s AA demographics, aggregate data, and performance context factors, the distribution of home mortgage loans reflects a reasonable distribution in low- and moderate-income geographies.

In 2019, the credit union originated 5.9 percent of home mortgage loans within low-income census tracts, above the aggregate performance of 4.4 percent and above the percentage of owner occupied housing of 3.5 percent. In 2020, the percentage of loans within low-income census tracts decreased to 5.3 percent, yet remained above the percentage of owner occupied housing units.

The credit union originated 12.8 percent of home mortgage loans within moderate-income census tracts in 2018. This number is below the aggregate performance of 14.3 percent and the owner-occupied housing percentage of 13.7 percent within the assessment area. In 2020, home mortgage loans in moderate-income census tracts increased to 15.2 percent. Please refer to the table below for more information.

Response to CRA Complaints and Fair Lending Policies

The Division of Banks provides comments regarding the institution's fair lending policies and procedures pursuant to Regulatory Bulletin 1.3-106. A review of the credit union's public comment file indicated the credit union received no complaints pertaining to the institution's CRA performance since the previous examination. The fair lending review was conducted in accordance with the Federal Financial Institutions Examination Council (FFIEC) Interagency Fair Lending Examination Procedures. Based on these procedures, no evidence of disparate treatment was noted.

Minority Application Flow

Examiners reviewed the credit union's 2019 and 2020 HMDA LARs to determine if the credit union's application flow from different racial and ethnic groups reflected the assessment area's demographics.

According to 2015 ACS U.S. Census data, the credit union's assessment area contains a population of 6,536,210 individuals, of which 25.4 percent are minorities. The assessment area's minority population is 6.4 percent Black/African American, 6.0 percent Asian, 0.1 percent American Indian, 10.2 percent Hispanic or Latino, and 2.7 percent Other.

In 2019, the credit union received 785 HMDA-reportable loan applications from within its assessment area. Of these applications, the credit union received 26 (3.3 percent) from racial minorities, 17 of which were originated. These figures trail aggregate data, which indicates 11.3 percent of applications received were from racial minorities. For the same period, 79 applications (10.1 percent) were received from Hispanic-only applicants and 11 (1.4 percent) were received from joint Hispanic/non-Hispanic applicants, compared to aggregate data which indicates 5.7 and 1.1 percent of total applications were received from these ethnic groupings in the assessment area, respectively.

In 2020, the credit union received 1,224 HMDA-reportable loan applications from within its assessment area. Of these, the credit union received 41 (3.3 percent) from racial minorities, of which 27 were originated. This trails aggregate data, which indicates that 11.5 percent of applications were received from racial minorities. For the same period, the credit union received 128 applications (10.5 percent) from Hispanic-only applicants, and 23 (1.9 percent) joint Hispanic/non-Hispanic applicants, compared to aggregate data which indicates 4.9 and 1.1 percent of total applications were received from these ethnic groupings in the assessment area, respectively.

The credit union's performance in 2019 and 2020 with respect to applications received from racial minorities was below aggregate performance overall, while the credit union performed above the aggregate with Hispanic or Latino applicants. The high concentration of Hispanic applicants has several contributing factors. The credit union's headquarters is situated in a majority Hispanic area with a number of credit union employees who speak Spanish. These same employees are involved with outreach and financial education within the community. The following table details the credit union's minority application flow and aggregate data in its assessment area.

Considering the demographic composition of the assessment area and comparisons to aggregate data in 2019, the credit union's minority application flow is adequate.

The following table details the credit union’s minority application flow and aggregate data in its assessment area.

COMMUNITY DEVELOPMENT TEST

Merrimack Valley Credit Union demonstrates adequate responsiveness to the community development needs of its assessment area through qualified donations and community development services. The credit union’s responsiveness is noted by its monetary contributions and commitment to financial education for children, adults and businesses. During the evaluation period, the credit union gave \$375,478 in charitable contributions, of which \$186,797 were considered qualified for CRA.

Additionally, credit union employees also participated on various boards and committees with organizations that focus on affordable housing, community services and economic development, many of which serve the assessment areas low- and moderate-income geographies.

Examiners considered the institution’s capacity and the need and availability of such opportunities. Community development activities were evaluated from January 1, 2019 through June 14, 2021, the start date of the current examination. Listed below are notable examples of the credit union’s community development activities, many of which carry a financial contribution and outreach component.

In 2019, Merrimack Valley made a financial contribution to support EforAll, an organization that seeks to accelerate economic and social impact through entrepreneurship in small businesses. The

contributions benefited the South Coast region, which focuses on Fall River and New Bedford, Massachusetts. Merrimack Valley Credit Union's involvement with EforAll extends beyond the financial support. The credit union's President serves on the Board for EforAll. Also, credit union staff coached businesses in the Business Accelerator program and worked with EforAll and its Spanish program, EparaTodos, in the Lawrence and Lowell region.

In 2020, Merrimack Valley Credit Union made a financial contribution to support the Lawrence Public Library to develop a comprehensive literacy program for all ages. With these funds, the Lawrence Public Library plans to hire a part-time Literacy Coordinator to build on its existing literacy programs and to develop specific classes that meet the community's needs from elementary school through adult education and also fulfill a growing demand for English as a Second Language Courses.

Emmaus Inc. Haverhill- The organization serves those in need with housing and support services in Merrimack Valley, North Shore communities and in Southern New Hampshire. Sr. Vice President of Marketing serves on the Board of Emmaus Inc. Throughout the examination period, the credit union was further responsive with sponsorships and donations to this organization.

Lawrence Partnership- The Partnership is a coalition of leaders from business, education, healthcare, and nonprofits coordinating resources and ideas to invest in people and nurture small business owners by providing training, generating career paths, and catalyzing workforce and economic development to lift residents to a greater prosperity to become more independent for a predominantly low-income area. The credit union President and CEO serves on the Board of the Lawrence Partnership. During the examination period, the credit union was further responsive with financial contributions.

South Eastern Economic Development Corporation (SEED) - SEED is a regional nonprofit economic development corporation with the mission of empowering entrepreneurs, strengthening local economies, and creating jobs by financing all types of small businesses in Massachusetts and Rhode Island. Executive Vice President and Chief Lending Officer serves on the Board of Directors SEED.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Institution CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Institution CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan

funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose institution:
 - (i) Has not been reported or collected by the institution or an affiliate for consideration in the institution's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the institution's assessment area(s) or a broader statewide or regional area including the institution's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the institution's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or

- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g, geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g. geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as non-MSA): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

PERFORMANCE EVALUATION DISCLOSURE GUIDE

Massachusetts General Laws Chapter 167, Section 14, as amended, and the Uniform Interagency Community Reinvestment Act (CRA) Guidelines for Disclosure of Written Evaluations requires all financial institutions to take the following actions within 30 business days of receipt of the CRA evaluation of their institution:

- 1) Make its most current CRA performance evaluation available to the public;
- 2) At a minimum, place the evaluation in the institution's CRA public file located at the head office and at a designated office in each assessment area;
- 3) Add the following language to the institution's required CRA public notice that is posted in each depository facility:

"You may obtain the public section of our most recent CRA Performance Evaluation, which was prepared by the Massachusetts Division of Banks, at 500 Merrimack Street, Lawrence, MA 01843."

[Please Note: If the institution has more than one assessment area, each office (other than off-premises electronic deposit facilities) in that community shall also include the address of the designated office for that assessment area.]

- 4) Provide a copy of its current evaluation to the public, upon request. In connection with this, the institution is authorized to charge a fee which does not exceed the cost of reproduction and mailing (if applicable).

The format and content of the institution's evaluation, as prepared by its supervisory agencies, may not be altered or abridged in any manner. The institution is encouraged to include its response to the evaluation in its CRA public file.

- Commercial Loans; Construction Loans
- Manufactured Home Loans
- Personal Secured & Unsecured Loans
- Student Loans
- New & Used Automobile Loans
- Home Improvement Loans
- Boat Loans, both new and used
- Recreational Vehicle Loans
- Secured and Unsecured VISA cards

In addition to this wide range of products, we participate with MASSHOUSING and Fannie Mae initiatives lending programs to assist homebuyers with low down payments and community lending programs. We also, participate in the Homeowner Options for Massachusetts Elders (H.O.M.E.) offering a wide range of financial counseling and specific customized loan products for senior citizens including reverse mortgages and senior equity lines of credit.

The Management Team meets on a regular basis to review and discuss the Credit Union's CRA efforts and new ideas to expand those efforts.

The Board has directed the Credit Union, among other initiatives, to make contact with organizations and individuals, for the purpose of, effectively ascertaining the credit needs of its field of membership.

Develop credit products, including those with flexible lending criteria and/or government lending programs to market its credit services to all segments of its field of membership, including low and moderate-income and minority areas. Participate, when possible, in community lending forums to increase consumer's awareness of the lending process; and, to help applicants in need of understanding the loan application process and when appropriate suggesting the availability of credit counseling.

Officers of the Credit Union have attended and will continue to attend appropriate forums where education and assistance to the public with regard to obtaining mortgages and the mortgage application process.

The Merrimack Valley Credit Union participates in community events and offers scholarships to local High School Graduates.

The Merrimack Valley Credit Union is a community-oriented Credit Union and welcomes the opportunity to discuss ways to increase our service to the community.

Home Mortgage Disclosure Act Notice

The HMDA data about our residential mortgage lending are available online for review. The data show geographic distribution of loans and applications; ethnicity, race, sex, age, and income of applicants and borrowers; and information about loan approvals and denials. HMDA data for many other financial institutions are also available online. For more information, visit the Consumer Financial Protection Bureau's Web site (www.consumerfinance.gov/hmda).

Merrimack Valley Credit Union Products and Services **2022**

Delivery Systems

The Credit Union offers the capability to perform banking functions through various channels. Some or all of these channels are widely available to all customers. Traditional avenues (personal visits) are enhanced by the Credit Union's generous hours of operation. Teller services are available up to 49 hours per week depending on location.

Telephone banking services are available to all customers via account number and personal access code methods. Our automated call service is available to all customers 24 hours a day, and offers a full array of services including the ability to retrieve balances, loan payments, place stop payments, and transfer funds.

In addition, the Credit Union maintains a web site that provides on-line banking capabilities, credit union information including product and service descriptions, credit union news, credit union history and educational resources.
